Dear George:

Thank you again for participating in our Guest Speaker Program on January 6, 1988. You were just the right person to start our 1988 program and your topic couldn't have been more timely. The session was interesting and provocative and I thought it stimulated a lot of good questions from the audience.

It is not often that we have an overflow crowd in the Auditorium, but this time we had to send about 150 people to watch the program on TV monitors. This is a tribute to you as an informed and articulate commentator on the American political scene and an expression of the sincere interest of CIA employees in expanding their knowledge of important national issues.

Thank you very much for taking the time to come out to Langley.

Sincerely,
